

EMBODIED LEADERSHIP STRENGTHS PROFILE (ELSP)

LEADERSHIP
COEFFICIENT

PRACTITIONER ACCREDITATION PROGRAM

Grow your client insights and action by working with their full embodied intelligence
Increase the impact of your coaching and build your practice at the leading edge
Create unique value with embodied leadership in your coaching portfolio

AN INNOVATIVE EMBODIED ASSESSMENT METHODOLOGY

- Leadership Coefficient offers an innovative body-based assessment methodology that reveals an individual's inner strengths and leadership preferences through the natural intelligence of the body.
- Our Embodied Leadership Strengths Profile (ELSP) enables people to access their whole-body intelligence - head, heart, gut - and is highly effective in supporting individuals and teams to lead through increasing complexity.

ACCREDITATION OPPORTUNITY

- Leadership Coefficient is offering coaches and consultants the opportunity to accredit in our ELSP methodology.
- Offering ELSP in your practice is a value-add differentiator and an attractive opportunity for growth.

THE ELSP PRACTITIONER ACCREDITATION PROGRAM

In this program you will experience for yourself the impact of working with the whole body intelligence. You will discover how our body intelligence is so quick that it generates awareness and change much faster than working only with the head. You will learn how to use ELSP to coach both individuals and teams, powerfully generating personal insight, revealing team dynamics and developing systemic intelligence.

The pathway to becoming an accredited ELSP Practitioner involves:

A 1-DAY INTRODUCTORY WORKSHOP

- Experience an ELSP Assessment and receive your personal profile
- Learn about our 3 Intelligence Centres and the Nine ELSP Dimensions
- Understand how the ELSP constellation models support teams in self-discovery and collaboration
- Assess the ELSP accreditation program and business opportunity

THREE 2-DAY WORKSHOPS

- 1** Foundational principles of collective leadership and systemic intelligence. Insights from Neuroscience on our embodied intelligence power centres. Discovery of self and others through the ELSP Dimensions and Team Models. How to perform an ELSP assessment and the impact of this experience.
- 2** Deepening principles of collective leadership and systemic intelligence. Reading and understanding people at a body essence level. Performing an individual ELSP assessment and coaching debrief. Interpreting an ELSP team constellation and coaching the system to reveal it to the client.
- 3** Systemic intelligence in leading transformation. Coaching from the lens of wholistic ELSP profiles. Interpreting and coaching advanced ELSP team constellations. Performing body coaching that accelerates insight and action and develops your client's embodied leadership.

REASONS TO ATTEND

The ELSP Accreditation Program will significantly develop your coaching and leadership competencies and offering in the following areas:

- Experience an ELSP assessment and discover your 4 most preferred leadership dimensions
- Discover experientially how ELSP creates visibility of individual leader and team strengths
- Facilitate dialogue on principles of collective leadership and systemic intelligence
- Perform and debrief an individual embodied leadership assessment
- Develop and interpret an ELSP team constellation, coach the system and make systemic interventions to reveal team dynamics and systemic patterns for your clients
- Perform embodied coaching that works with the whole body intelligence to generate awareness and change faster than working only with the head
- Discuss, market and grow your practice through the unique value of ELSP
- Become a part of the ELSP Practitioner business community with Leadership Coefficient
- Enjoy ongoing development to further evolve your practice of embodied leadership coaching and facilitation on a journey with ELSP
